

AVL Tree Visualization Steps

Step 1 of 40

Starting AVL tree visualization...

Step 2 of 40

Inserting root node with value undefined

h:1

Step 3 of 40

Starting insertion of value undefined

h:1

5

Step 4 of 40

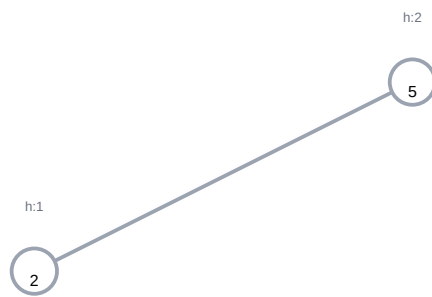

Traversing to insert undefined, currently at node 5

h:1

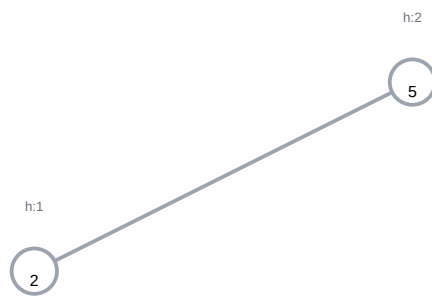

Step 5 of 40

Value undefined inserted successfully

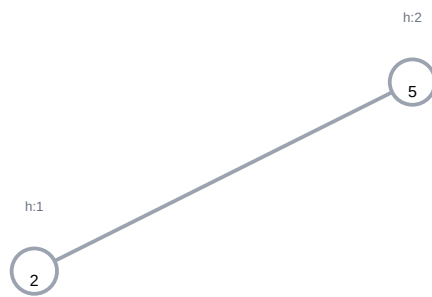

Step 6 of 40

Starting insertion of value undefined

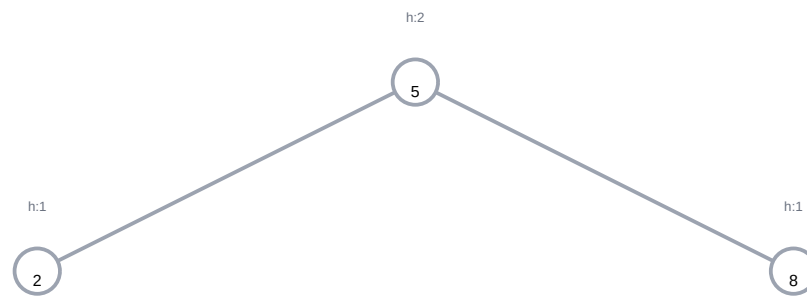

Step 7 of 40

Traversing to insert undefined, currently at node 5

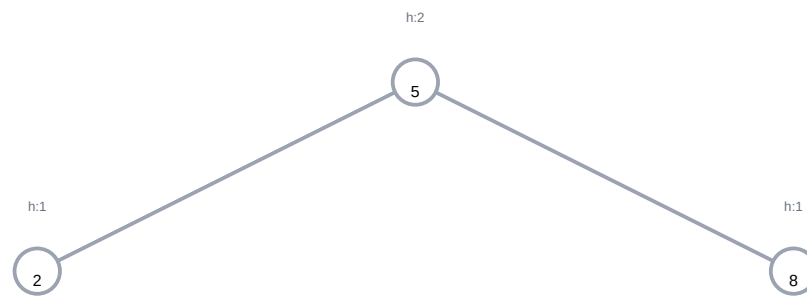

Step 8 of 40

Value undefined inserted successfully

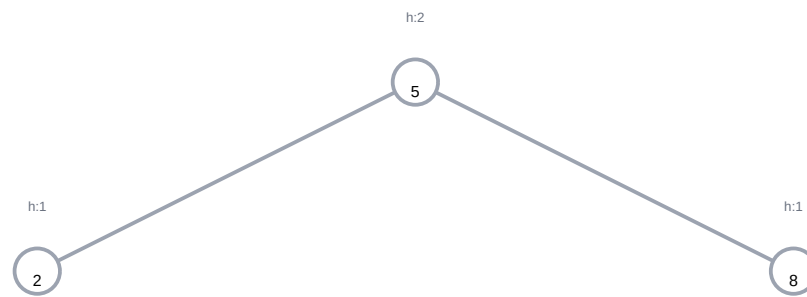

Step 9 of 40

Starting insertion of value undefined

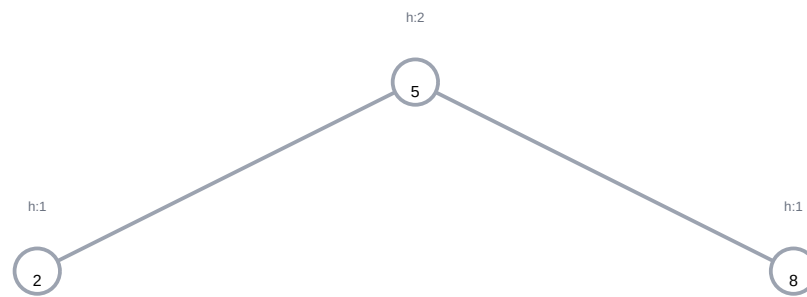

Step 10 of 40

Traversing to insert undefined, currently at node 5

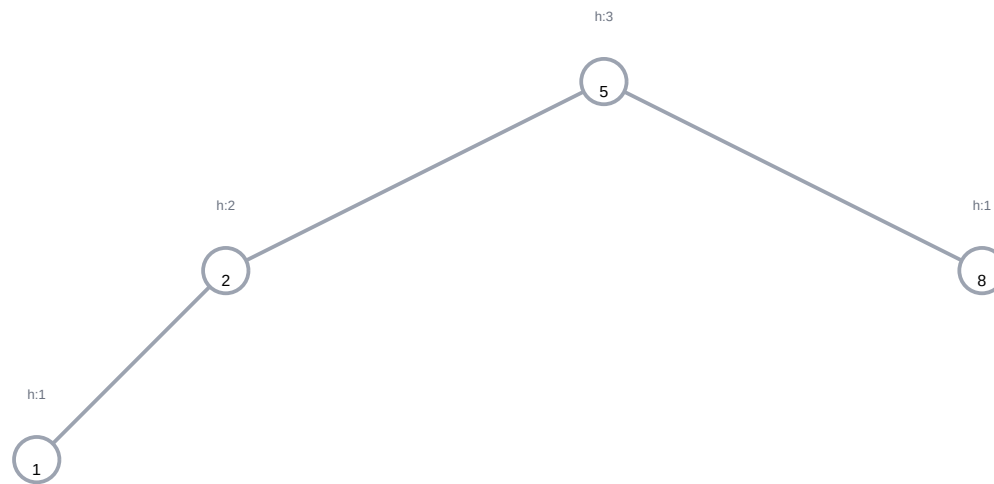

Step 11 of 40

Traversing to insert undefined, currently at node 2

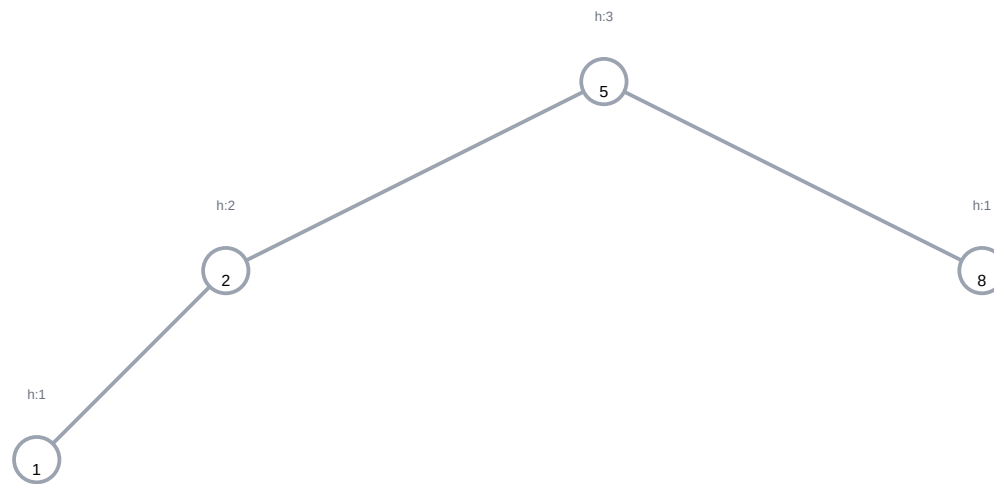

Step 12 of 40

Value undefined inserted successfully

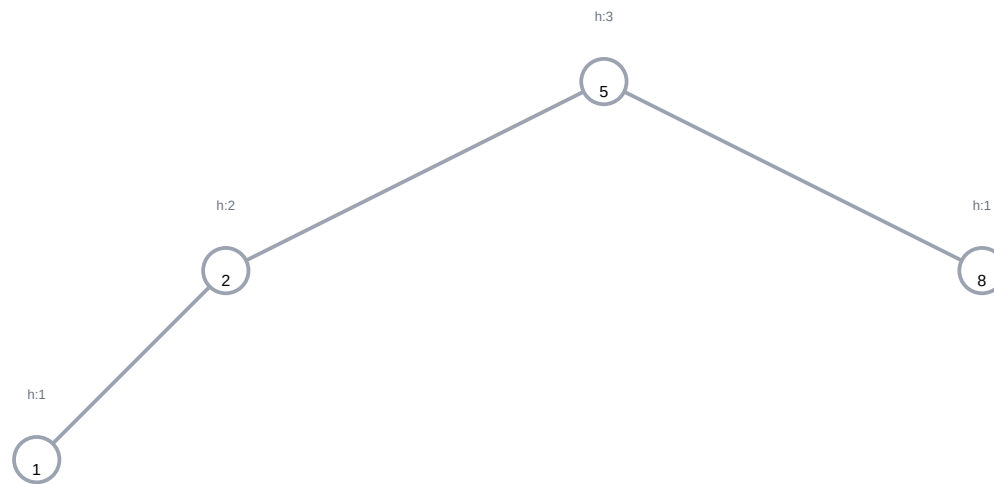

Step 13 of 40

Starting insertion of value undefined

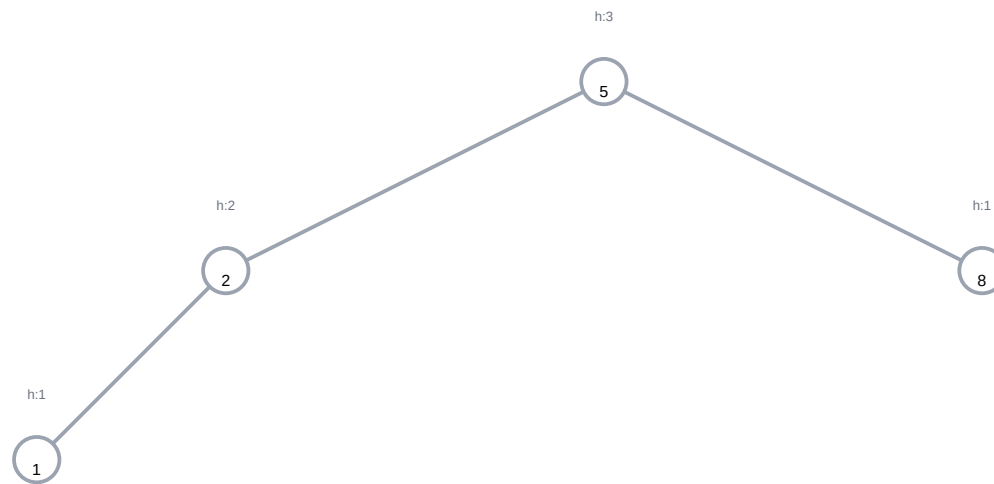

Step 14 of 40

Traversing to insert undefined, currently at node 5

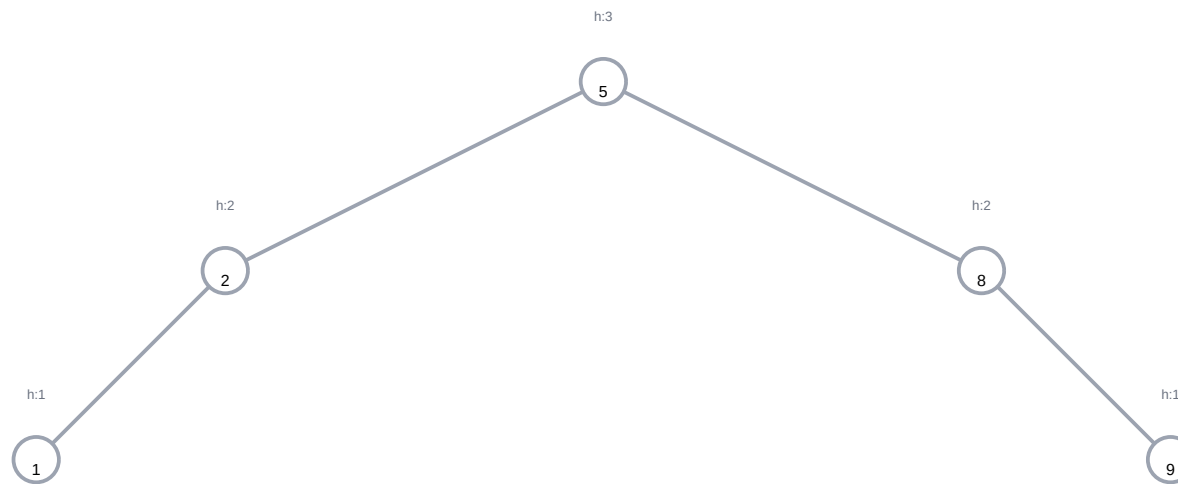

Step 15 of 40

Traversing to insert undefined, currently at node 8

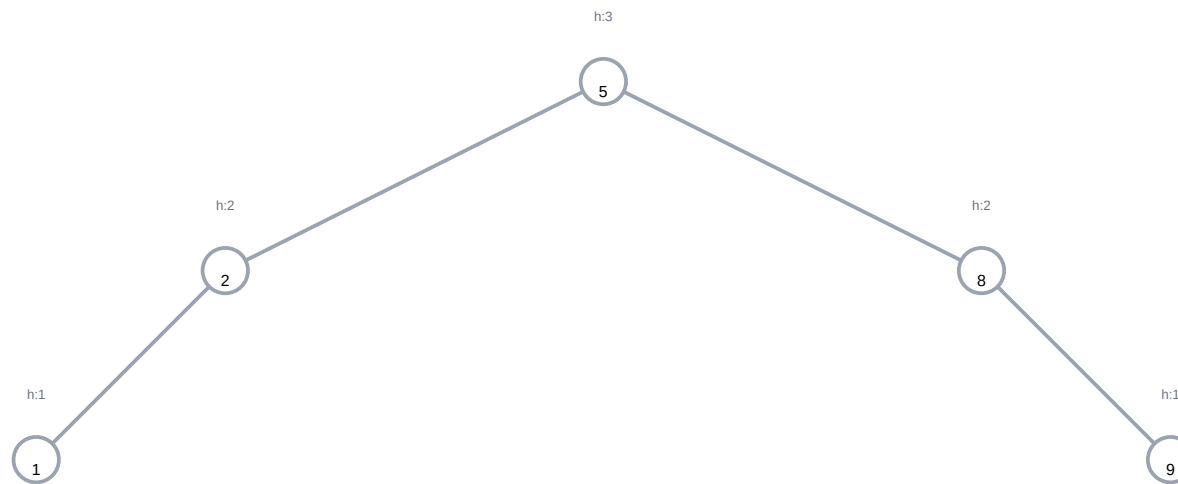

Step 16 of 40

Value undefined inserted successfully

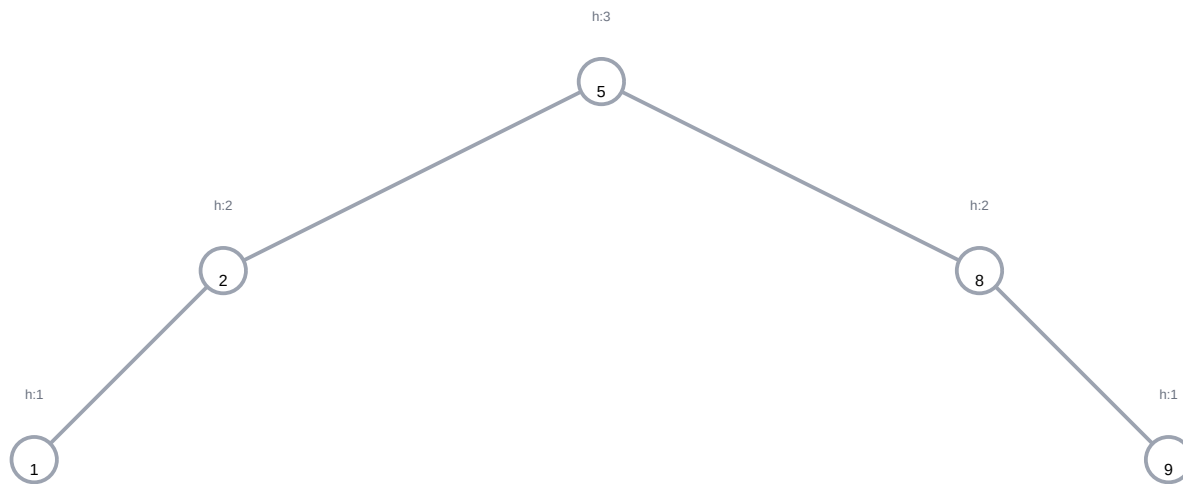

Step 17 of 40

Starting insertion of value undefined

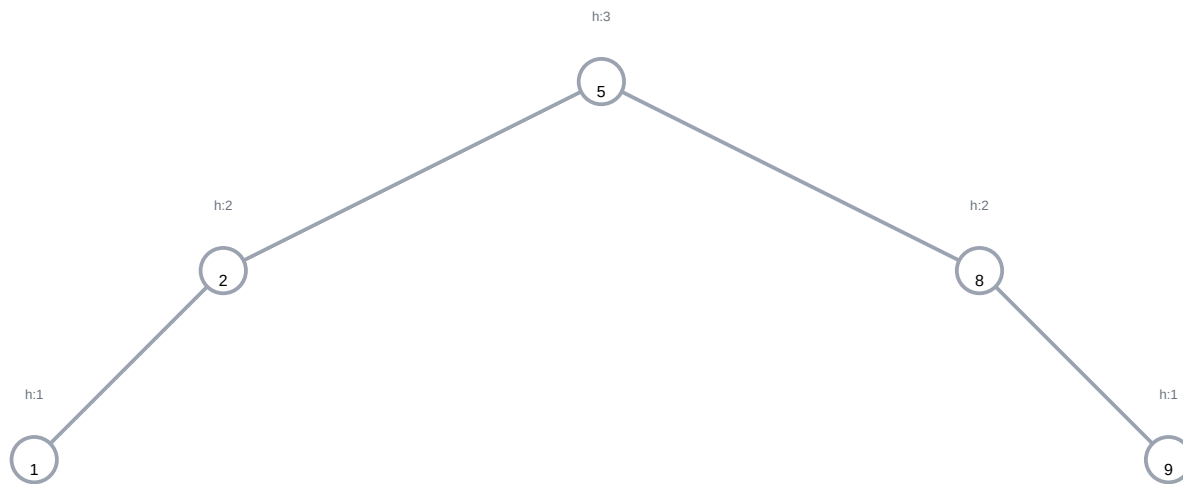

Step 18 of 40

Traversing to insert undefined, currently at node 5

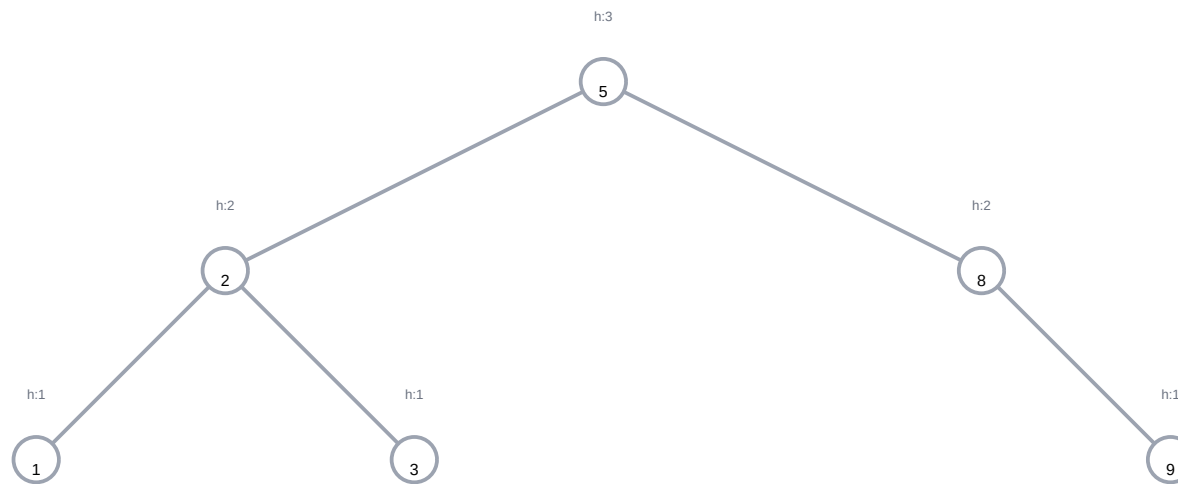

Step 19 of 40

Traversing to insert undefined, currently at node 2

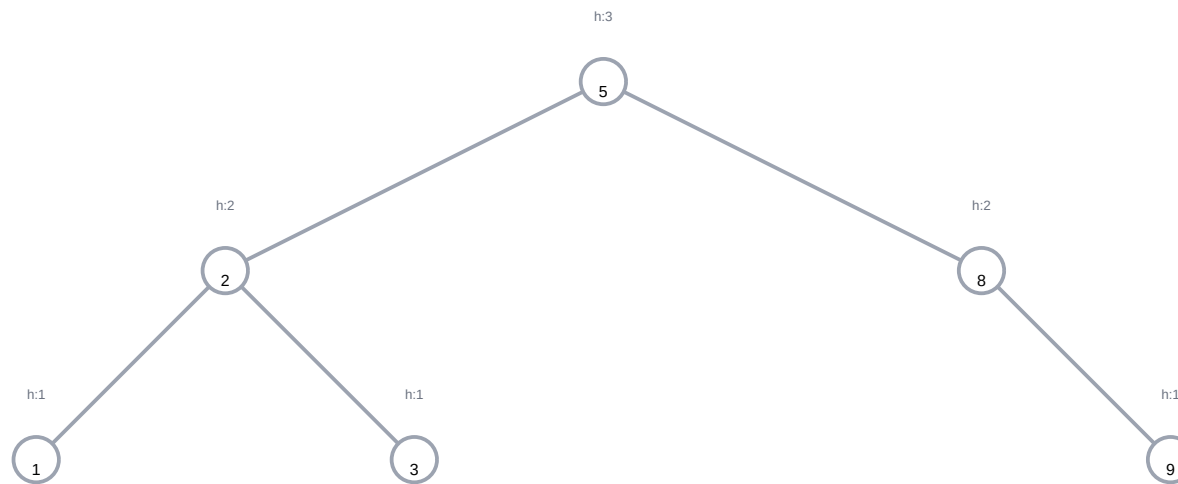

Step 20 of 40

Value undefined inserted successfully

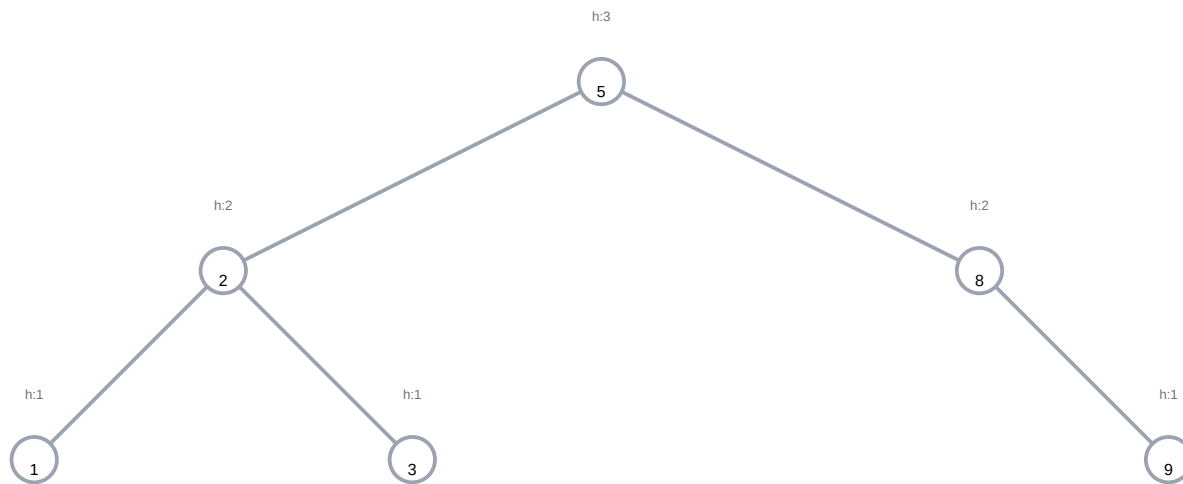

Step 21 of 40

Starting insertion of value undefined

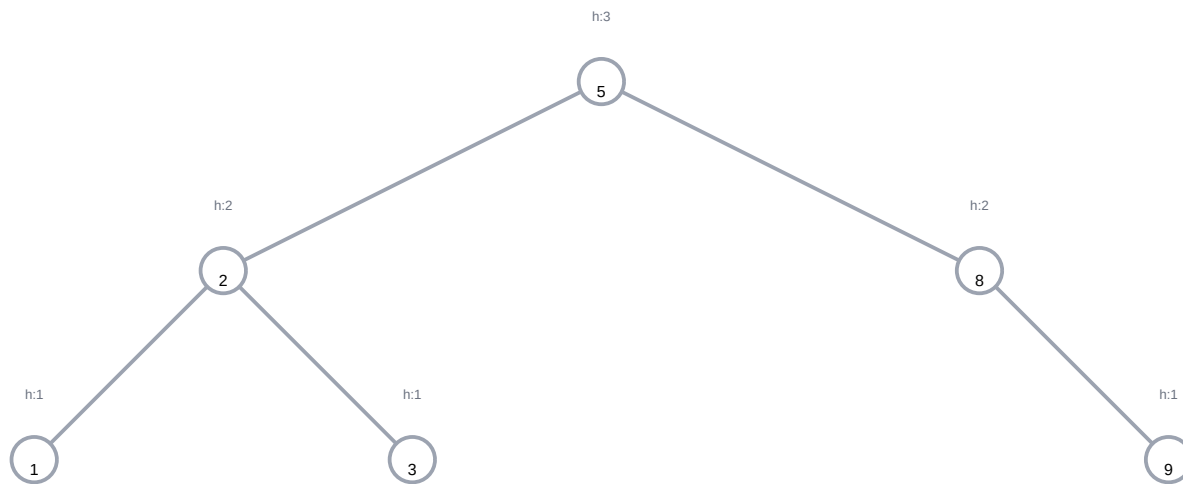

Step 22 of 40

Traversing to insert undefined, currently at node 5

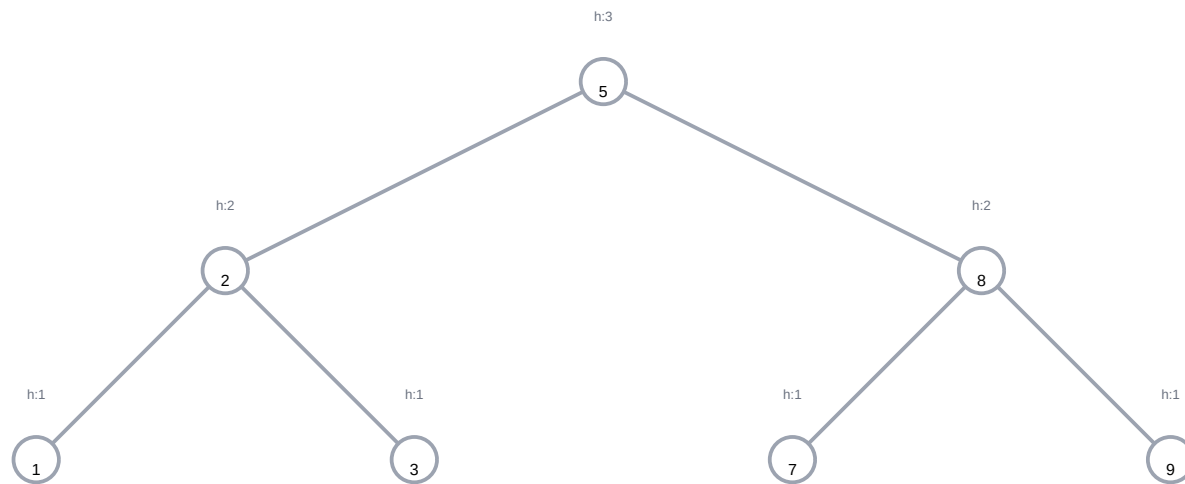

Step 23 of 40

Traversing to insert undefined, currently at node 8

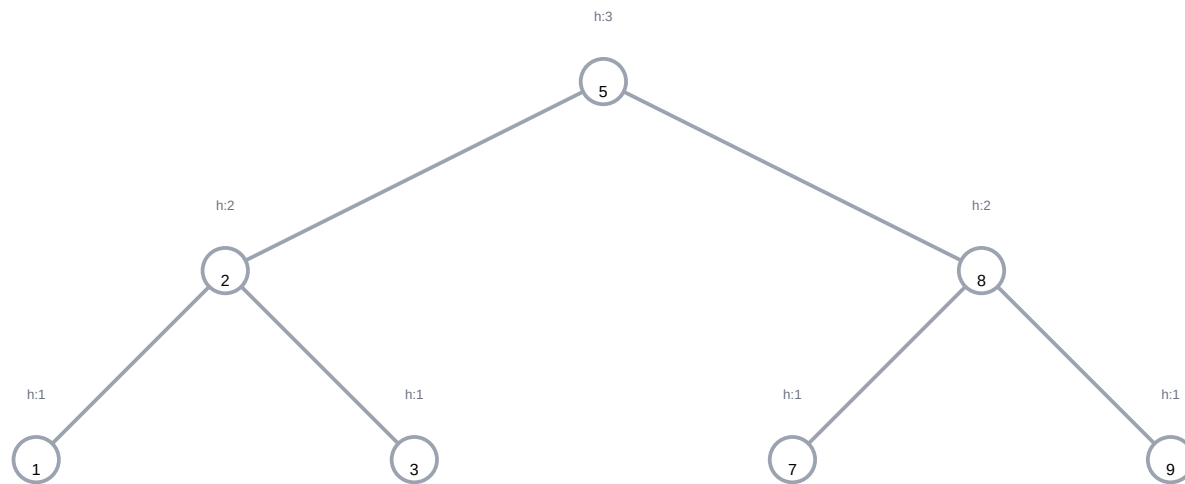

Step 24 of 40

Value undefined inserted successfully

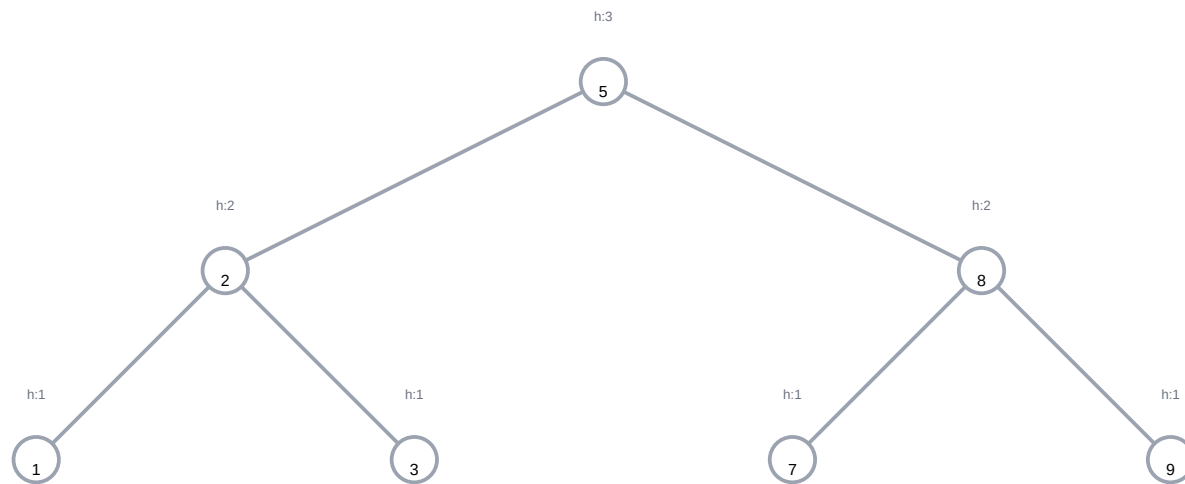

Step 25 of 40

Starting insertion of value undefined

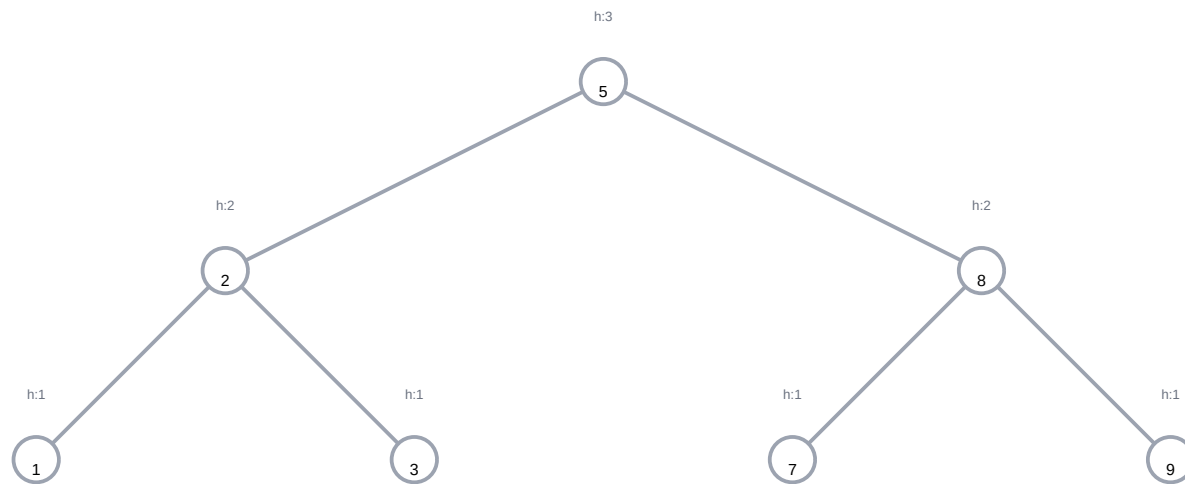

Step 26 of 40

Traversing to insert undefined, currently at node 5

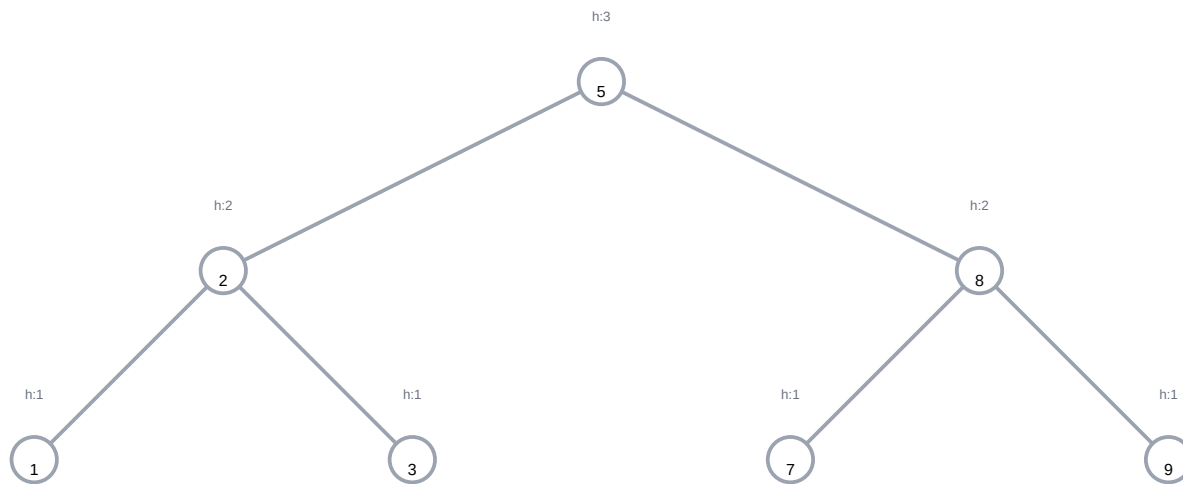

Step 27 of 40

Traversing to insert undefined, currently at node 2

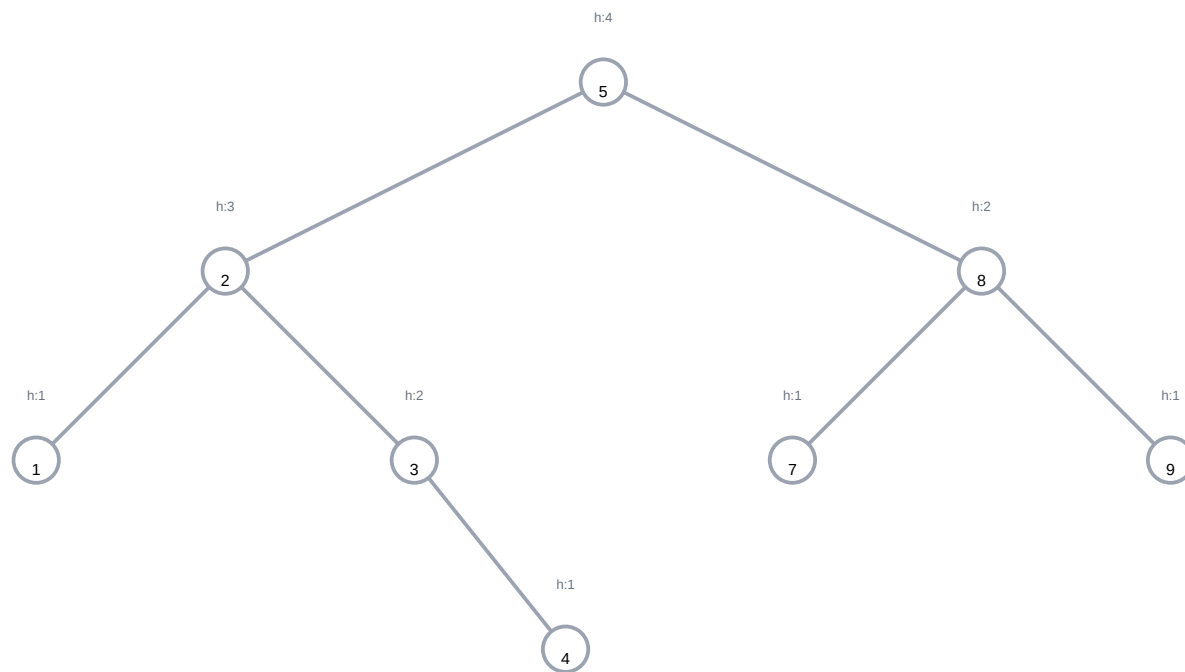

Step 28 of 40

Traversing to insert undefined, currently at node 3

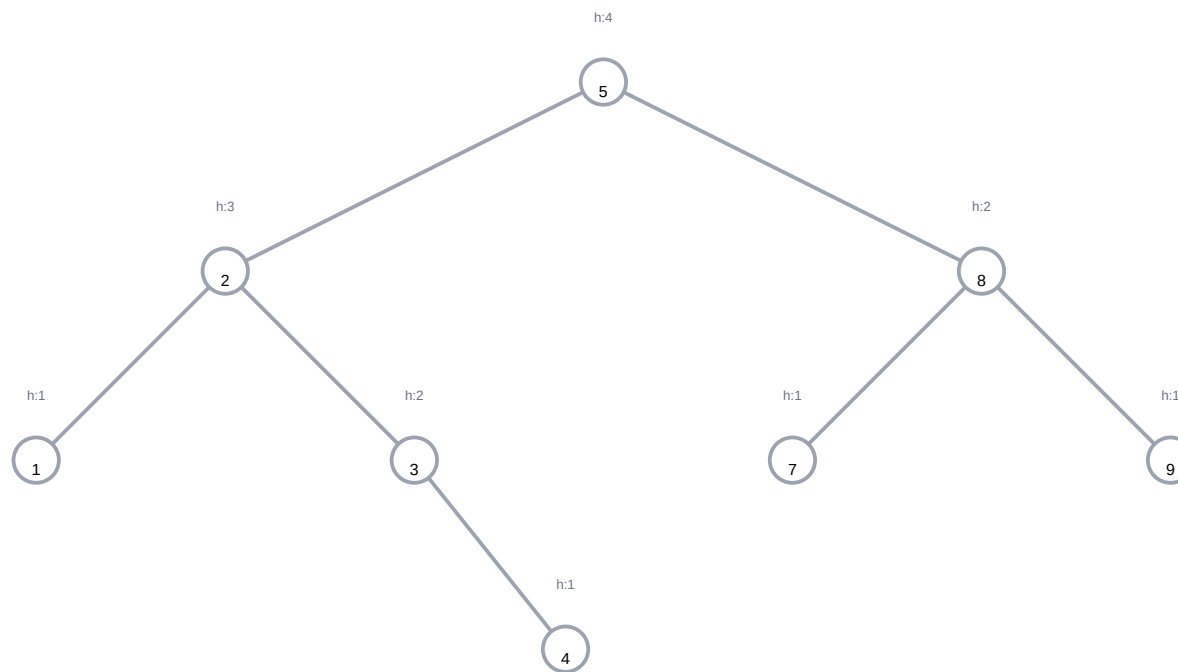

Step 29 of 40

Value undefined inserted successfully

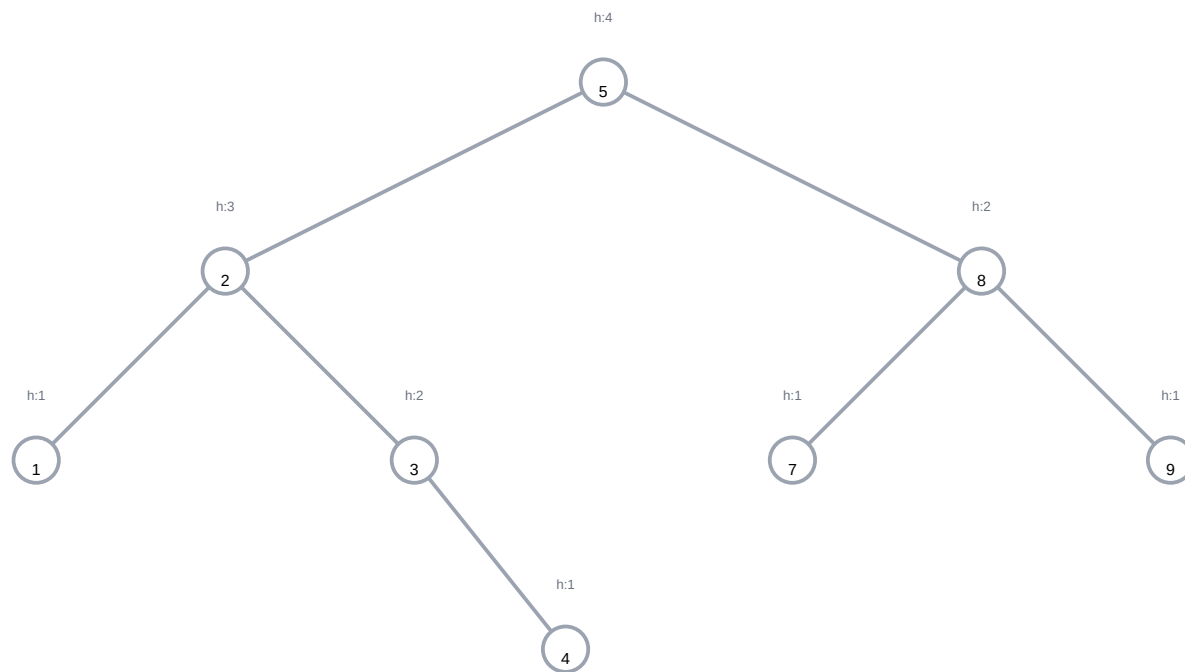

Step 30 of 40

Starting insertion of value undefined

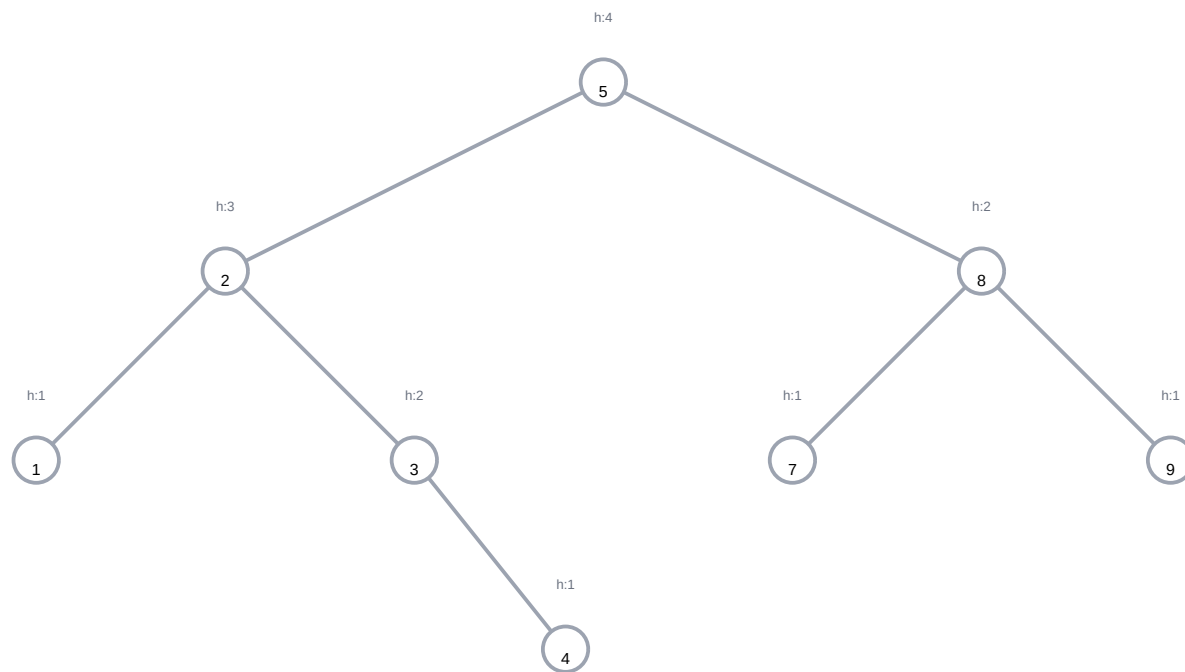

Step 31 of 40

Traversing to insert undefined, currently at node 5

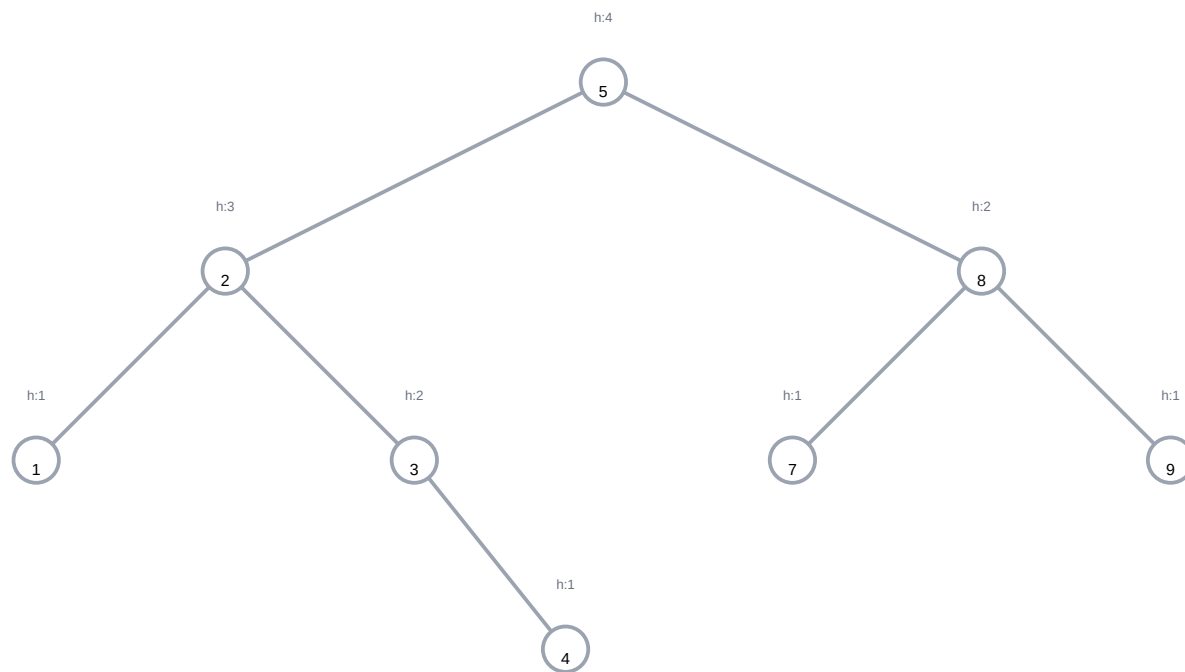

Step 32 of 40

Traversing to insert undefined, currently at node 8

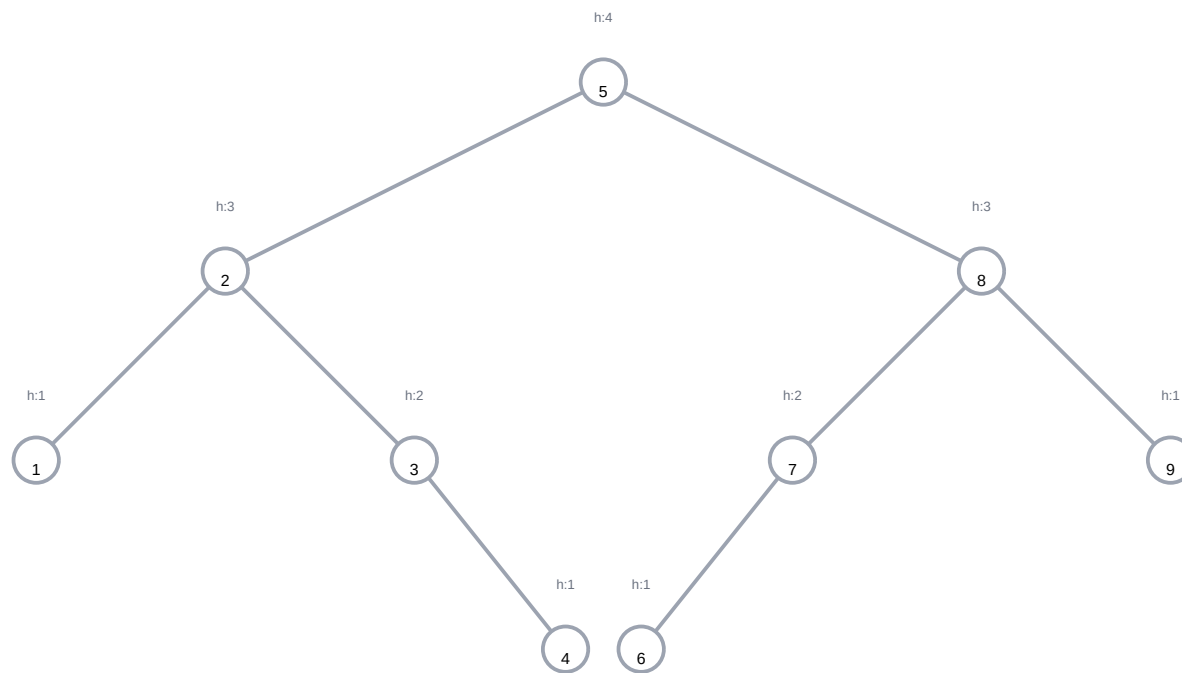

Step 33 of 40

Traversing to insert undefined, currently at node 7

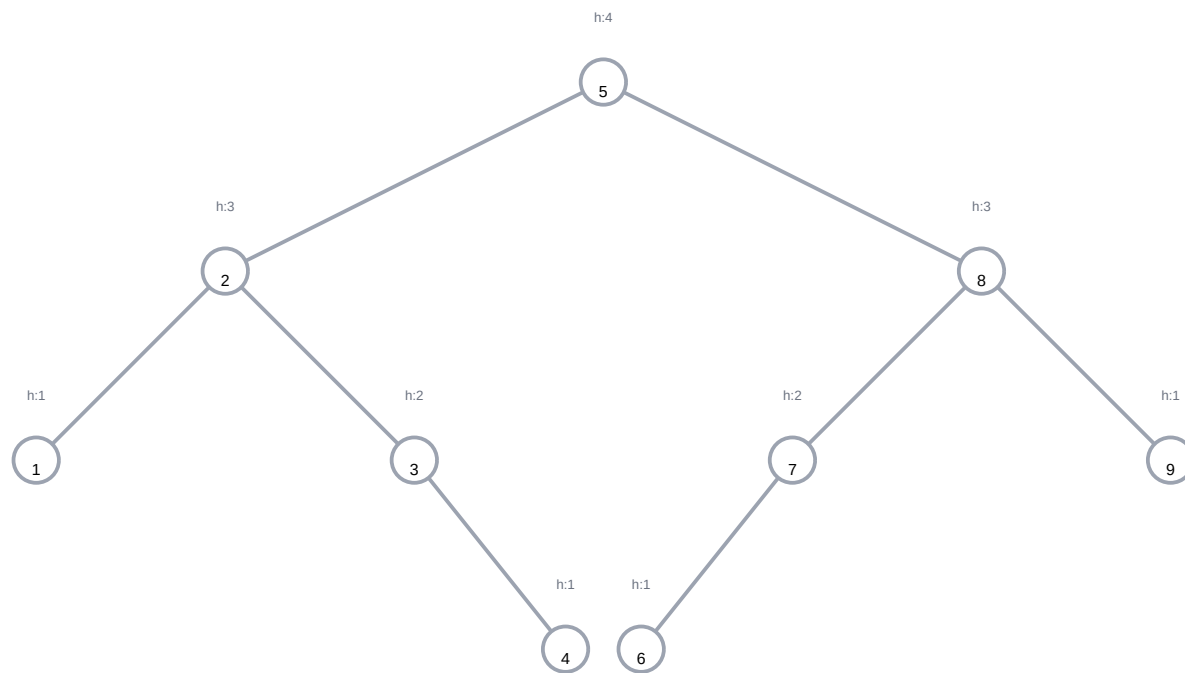

Step 34 of 40

Value undefined inserted successfully

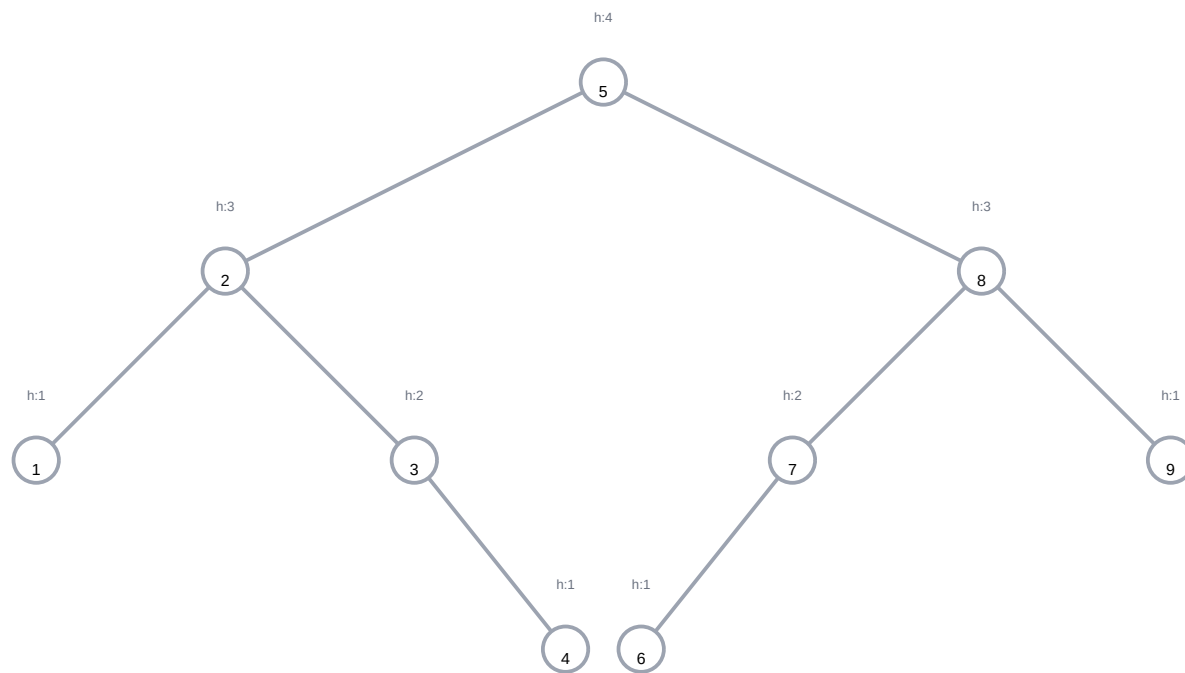

Step 35 of 40

Starting insertion of value undefined

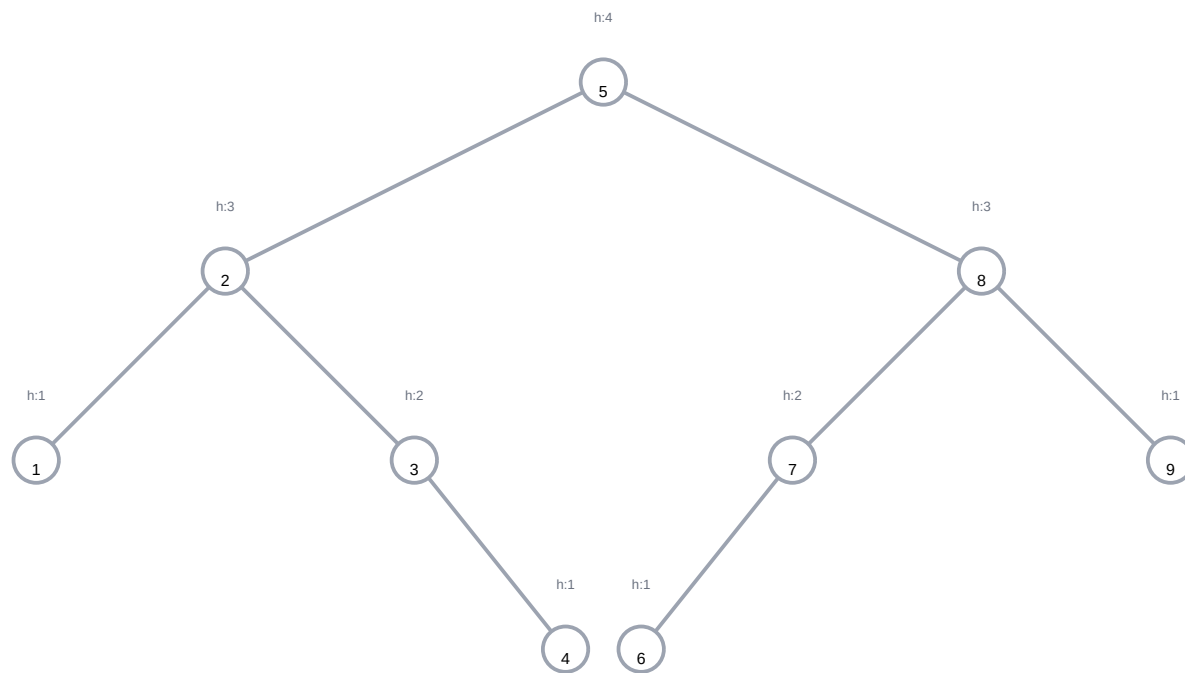

Step 36 of 40

Traversing to insert undefined, currently at node 5

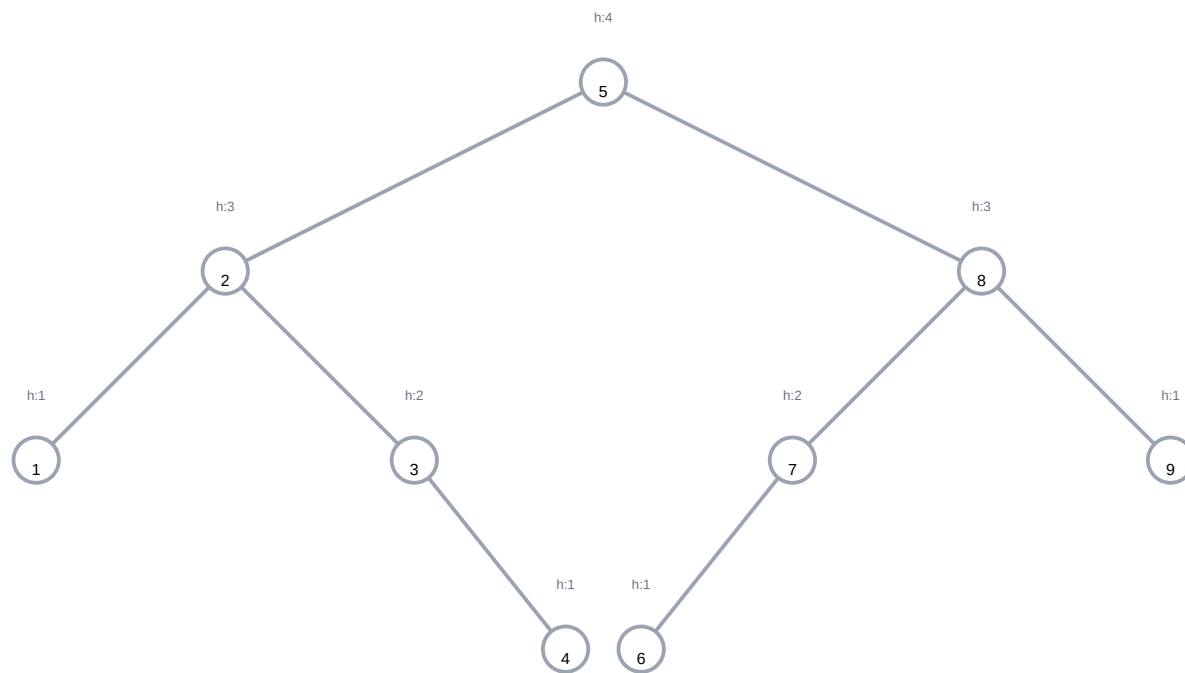

Step 37 of 40

Traversing to insert undefined, currently at node 8

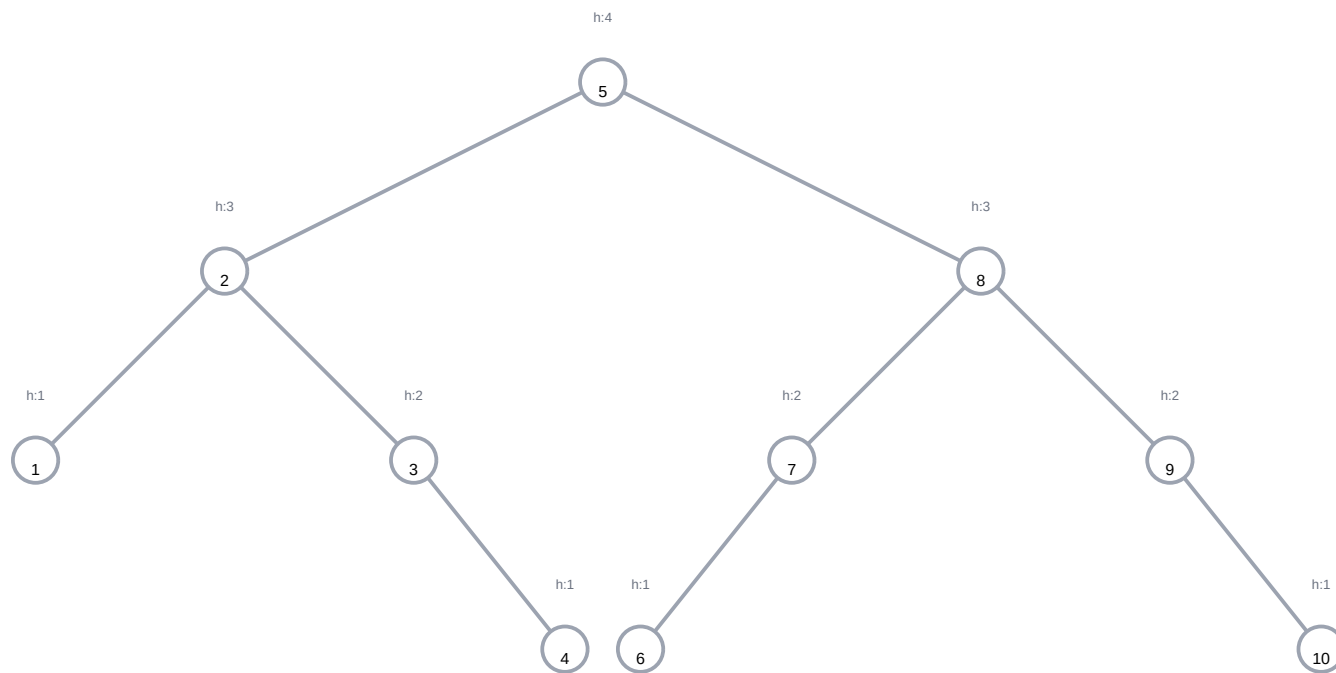

Step 38 of 40

Traversing to insert undefined, currently at node 9

Step 39 of 40

Value undefined inserted successfully

Step 40 of 40

AVL tree construction complete!
